'MACEDON RANGES'

Macedon Ranges is mainland Australia's coolest wine growing region, located less than an hour north of Melbourne. Vineyards are found between 300m to 800m absl, this is cool climate viticulture at its zenith. The region is small yet laden with high quality wineries of repute.

Our team of sommeliers have hand selected their favourite producers.

'CRAIGLEE'

A neighbour of Macedon Ranges, Sunbury is home to Craiglee, one of Australia's most undervalued wineries.

Established in the 1860s by a founding father of Melbourne, James Johnston, Craiglee Vineyard was dormant until replanting in 1976 by an enthusiastic agricultural science graduate, Pat Carmody. Recognised as a highly skilled viticulturist and winemaker - marketing is not his bag. These wines offer immediate enjoyment as well as excellent cellaring potential, they age beautifully.

Grab them when you can.

*Skin contact aka, orange wine, is white wine made in the style of a red wine – white berries are generally more fragile than red berries, a level of care is needed.
Skin contact can turn up the volume of the varietal.*

Amphora, essentially clay jars used to ferment and or age wine. An ancient tradition recognised as providing a pure expression of grape and place, rather than artifact.

New school producers have taken a leaf from old school, winemakers began revisiting this method a few years ago. Today, producers around the world are happy to use ceramic eggs alongside wood, stainless steel, cement and more.
